EDUCATION

FH JOANNEUM

B.Sc. Mobile Software Development

Graz, Austria
2024 – present

BORG-Dreierschützengasse

A-levels with focus on Computer Science

Graz, Austria
2020 – 2024

WORK EXPERIENCE

Fullstack Developer, Internship

FH JOANNEUM

Sept. 2025 – present
Graz, Austria

- In the first version of the system, we built the backend with Node.js and Express, the frontend with React, TypeScript and Redux, and a Capacitor-based mobile app with JWT authentication, deployed on Railway (backend) and Vercel (frontend).
- Rebuilt as a cross-platform mobile app using Flutter/Dart with a Spring Boot backend and REST APIs.
- Designed UI/UX prototypes in Figma and collaborated in an agile development team.

SELECTED PROJECTS

Social Media Web App | Next.js, TypeScript, Firebase, Redux, TailwindCSS

2025

- Full-stack social media platform with real-time chat, nested comments, authentication and responsive dark-mode UI.
- ↗ social-media-web-app-weld.vercel.app/ · github.com/casper-zielinski/Social-Media-Web-App

Issue Tracker Web App | Next.js, TypeScript, Redux, Supabase, TailwindCSS

2025

- Full-stack project management tool with real-time updates, user authentication, advanced filtering and a dashboard with data visualization.
- ↗ issue-tracker-pearl-alpha.vercel.app/ · github.com/casper-zielinski/Issue-Tracker

Restaurant Web Application | React, TypeScript, Bootstrap 5, Spring Boot, PostgreSQL

2025

- Modern restaurant website with interactive menu, online reservation system and contact form.
- ↗ restaurant-bootstrap-gamma.vercel.app/ · github.com/casper-zielinski/Restaurant-Bootstrap
